

# Expressions® Colors Contact Lenses

*Make a change in your eye color.*

## OVERVIEW

Expressions lets you change your eye color with lenses that offer incredible comfort and outstanding vision quality. And since you want people to notice you and not just the color of your eyes, our lenses use a technologically advanced tinting process to produce more natural, realistic color changes.

Whichever Expressions lens you choose, you'll notice immediately that they not only look good, they also feel good. They're an incredibly comfortable lens to wear, and a remarkably easy lens to handle—two things you'll appreciate whether you're trying lenses for the first time, or already wear them. Choose from eight great colors—Jade, Blue, Aqua, Green, Hazel, Gray, Blue Topaz, and Brown.

## AT A GLANCE

- ▶ Natural, realistic color change
- ▶ Eight great colors
- ▶ Outstanding vision quality
- ▶ Incredibly comfortable
